Arrival Time – 5:00 pm

\$35.00 per person (must be 19 or older)

President's Report

Our November meeting featured Wilfred Laman from Glenbarra Renewable Energy Solutions speaking about Solar Thermal Solutions. Thank you very much, Wilf, and we look forward to your next Chapter visit.

Please try to attend the **Past Presidents and Ladies Night at the Races** meeting scheduled for Sunday December 6th, 2009 at Flamboro Downs beginning at 5:00pm. Please be sure to RSVP to David Rasmussen at tigerdave60@yahoo.ca to confirm your attendance.

In January, we will return to Royal Hamilton Yacht Club and our regular 2nd Tuesday evening. We have arranged for a presentation of the Guideline for LEED-Existing Building by Jeremy Carkner of Morrison Hershfield and myself. LEED-EB is very complimentary to our ASHRAE Society President's Theme "Sustaining our Future by Rebuilding our Past" and his message "Energy Efficiency in Existing Buildings – Our Greatest Opportunity for a Sustainable Future" so I hope to see many of you at the RHYC on Tuesday January 12th, 2010.

On behalf of the Hamilton Chapter Executive Committee I'd like to wish everyone a safe and happy holiday season.

Best regards,

Terry Fowler; P.Eng., LEED AP, President 09/10

ASHRAE Jobs is the Society's Online Employment Resource

With an exceptionally difficult recruitment market, the ASHRAE Jobs Career Center has been averaging 55 active job postings per month and just over 5,000 monthly job seeking visitors. Recruiters are experiencing, on average, 12 online applications per job posting and have access to just over 1200 resumes that have posted its launch on June 15.

ASHRAE Jobs is not only about the hire. It is the path to a hire. By visiting www.ashraejobs.com, you can search for certain skill sets and demographics that you are "always looking for". It is the place to capture high performers you can use to replace underperformers. Is this the place to see if your competitors people are out searching and interested in you. It is also the place to

capture candidates for your Q1 hires because we are only 45 days away.

ASHRAE Jobs understands you do not want to be sold to. But you still have opportunities and problems, and may need a professional to discuss those with. That is what you can expect from ASHRAE Jobs: a no-strings-attached conversation where a representative listens and then makes recommendations whether they include ASHRAE Jobs or not. For more information, visit [RLINK"http://www.ashraejobs.com"](http://www.ashraejobs.com) www.ashraejobs.com, call 888-482-2562 or e-mail John VonHarz at jvonharz@ashraejobs.com. An ASHRAE Jobs representative is available during business hours to discuss your firm's needs and make recommendations on next steps.

ASHRAE News Releases

ASHRAE, IES Seek to Lighten Energy Use through Changes to Standard 90.1

ATLANTA – Requirements to "lighten up" energy use and costs through fenestration, parking lot lighting and other proposed measures are being recommended for Standard 90.1.

Advanced Energy Design Guidance Offered for Small Hospitals and Healthcare Facilities

ATLANTA – The newest Advanced Energy Design Guide, written by a group of leading building industry organizations, is just what the doctor ordered.

Making a Case for Energy Efficiency in Existing Buildings: New Industry Publication

ATLANTA – Improving energy use all comes down to green – the green of energy efficiency and resource sustainability as well as the green of money.

High-Performance Building Standard Provides the Foundation for Green Building Codes

ATLANTA – A proposed high-performance building standard and a stronger version of Standard 90.1, both being released next year, together will provide a total green resource for local and state governments looking to set building code requirements to reduce energy use.

2009 – 2010 Meeting Schedule

This year's meeting schedule is summarized below. Except for some special events, all meetings will be held at the Royal Hamilton Yacht Club, at the north end of McNab St., on the Hamilton Harbour (If you need a map, visit our web site). New products and/or services may be presented informally via a "technical session" or a "table top demonstration" prior to dinner. After dinner, the main topic of the evening is presented by the "feature speaker". If you are interested in presenting a technical session, booking table top space to promote your product and/or service or, if you have a suggestion for a feature subject and/or speaker, please contact Terry Fowler (Programs Chair). There is a charge of \$75.00 for "table top demonstration" space and this includes a business card ad for two months.

ASHRAE Hamilton Chapter Program Activity			
Date	Theme	Technical Session /Table Top Demonstration	Feature Speaker
